

**Day 3, Thursday**

28<sup>th</sup> of May 2020

08:00	09:00	<b>CONFERENCE REGISTRATION and Poster setup</b>
09:00	09:10	<b>WELCOME – Pavel Martásek</b> , BIOCEV director
09:10	09:50	<b>Klaus Pantel</b> - Liquid Biopsy: From discovery to clinical implementation
09:50	10:30	<b>Ulrike Schröder</b> - Linking research, innovation and standardization
10:30	10:50	<b>Veronika Mikulová</b> - Our experience in liquid biopsies of prostate cancer patients
10:50	11:10	COFFEE BREAK
11:10	11:50	<b>Peter Riegman</b> - Increased reproducibility with standardization of sample pre-analytics
11:50	12:30	<b>Eva Kriegová</b> - Orthopaedics towards precision medicine: patient stratification to improve clinical outcomes
12:30	13:10	<b>Fay Betsou</b> - Processing laboratories and precision diagnostics: challenges and opportunities
13:10	13:50	<b>Marek Mráz</b> - The biology of miRNAs in B cell malignancies and their use as biomarkers
13:50	15:10	LUNCH / POSTER SESSION
15:10	15:50	<b>Kurt Zatloukal</b> - Pre-analytical requirements for in vitro diagnostic medical devices
15:50	16:30	<b>Andrea Wutte</b> - BBMRI-ERIC, a common approach to excellent research on quality-defined human specimens
16:30	17:10	<b>Helen Parkes</b> - International Standardization in support of Advanced Healthcare Technologies for Precision Medicine
17:10	17:25	<b>Eddy van Collenburg</b> - The use of Droplet Digital PCR to improve the application of quantitative molecular diagnostic methods
17:25	17:45	<b>Marie Karlíková</b> - Preanalytic rules in biobanking
17:45	18:15	REFRESHMENT BREAK
18:20		BUS FROM BIOCEV TO THE CITY CENTER, <b>SOCIAL EVENT 2</b>
